What I carry and why.....

For the last fifteen years Bill has been one of America's leading nature photographers, founding the Great American Photography Workshop company. A much sought after speaker, Bill was once called in a newspaper article, "*the Will Rogers of Photography*".

His best selling books include; *The Nature of America, America From 500 Feet, American Vision, and Bill Fortney's Great Photography Workshop, "Getting Serious About Outdoor Photography."*

Bill's book sales well exceed 100,000 copies, making him one of the top photographer/authors in America. *America From 500 Feet* was one of the largest selling aviation photography books of all time. His latest project, *America From 500 Feet II*, was released in October of 2008.

Seven years ago Bill joined Nikon as a Nikon Professional Services technical representative, covering the Southern U.S. He is Nikon's liaison representative for the natural history market for all of America. Two-Can Gallery - call for prints March 18

The Club has found a venue that allows us to have a regular exhibit open on each Gallery Hop featuring the work of our members. Two-Can Gallery is at 320 West Second Street, across from the Hunt-Morgan House.

Each show will consist of 15-30 prints. Prints included in the show will be based on **juror selection**. Three jurors will be appointed for each show, selected by the Board. Jurors are not eligible to enter.

The venue owner reserves the ultimate decision to display.

The shows are titled “**Recent Works**”. Therefore, no image may be more than **two-years old**.

Each member of the club is eligible to submit prints for consideration by the jurors.

Only **members in good standing** are eligible to submit.

Only Prints may be submitted. Digital images are not acceptable.

For consideration, prints should be **at least 10” on the longest side**. The prints submitted for jury consideration should **not be framed** but may or may not be matted or mounted. It is not necessary to submit the actual print that will be displayed, and the print submitted for consideration can be smaller than the size intended to be displayed. (In fact, members are **encouraged to submit a proto-type print** to avoid the difficulty of getting the print back for mounting and framing in time for hanging, and to avoid risking damage to an expensive print.) Each print must have the **name and contact information** (e-mail and telephone) of the photographer on the reverse side.

Deliver prints for consideration to the March 18 Club meeting; get details this month at the meeting, or Contact Frank Becker (266-1699) or Charters Osborne (231-5204) for more information

Complete Rules for Submission can be found www.creativecameraclub.org/
