The Creative Camera Club welcomes award-winning photographer Pam Spaulding as our featured speaker this month. Pam has been photographing for the Louisville Courier-Journal since 1972. In that year, she became the first woman to win the William Randolph Hearst Photojournalism contest, winning first place in the picture story category and second-place portfolio in the National College Photojournalism contest. She contributed to the photography that won the Louisville Courier-Journal and Louisville Times the 1976 Pulitzer Prize for coverage of court-ordered busing in Jefferson County. She also took the 117 beautiful photographs that appear in "The Complete Guide to Kentucky State Parks," published in 2009.

Pam's camera club presentation will focus on "An American Family," her remarkable 30-year photographic study of a middle class Kentucky family, the McGarveys. The book, containing 175 eloquent black

and white photographs and published by National Geographic, documents the family during three decades and depicts a wide assortment of everyday experiences, including vacations, impromptu dancing in the family room, dad assembling toys on Christmas Eve, a piano recital, dance lessons, birthdays, mom leading the scout troop on a hike and much more.

But the book is more than a series of pictures. It is an essay about time and a family, the changes over time, pictures about the time in which we live and the changes of our culture during that time.

## Upcoming Events, Exhibits, Workshops

### PLAN AHEAD -

The Kentucky PhotoScenic Weekend at Cumberland Falls, Sept 24-25. This is a FREE digital photography workshop. REGISTER VIA EMAIL to: photoscenicworkshop@gmail.com

## First Thursdays

We had a great turnout for our inaugural meeting on May 6. Twenty-five people came to talk about exposure and plan out our future meetings. The first decision was to continue meeting - so mark your calendars for the First Thursday of each month.

June 3 the Focus is Who's in Control? We will look at the different controls on our cameras and talk about what they mean and what they can do. So - bring your cameras.

We also want to look at sample images and talk about what made them good, might make them better, or why they are unsalvageable. Those interested in participating are invited to bring up to 5 digital images (on a thumb drive) or prints we can review.

Next meeting: June 3 @ 7.00 pm at Crestwood Christian Church.

### Shooting for a Cause - Special Olympics June 4 - 6

Once again, we can be a part of this event by photographing Olympians while they compete at ECU. We upload digital images to the Web so all of the Athletes can get copies of their Winning Moments. We can help make it happen.

Programs get underway on Friday, June 4, with the Opening Ceremonies at 7 pm, followed by distance and relay events at the track.

Most competition will be held on Saturday, June 5, with nearly 1,300 athletes competing in five sports throughout the day. Saturday activities will also include Olympic Town and the [Healthy Athletes Wellness Fair](#). The day ends with the official Closing Ceremonies and Victory Dance.
