52nd North Central Insect Photographic Salon

Presented by Tom Myers

Tom Myers is a Board Certified Entomologist and president of All-Rite Pest Control in Lexington. His work includes consulting, training, and research in the many areas of Urban Entomology.

Tom's other work includes working with endangered species. He travels throughout the world's tropical rain forests looking at bio diversity, discovering new species of insects, and photographing some of the strange

Tom's company's research, with the University of Kentucky, has recently involved termites, mosquitoes and bed

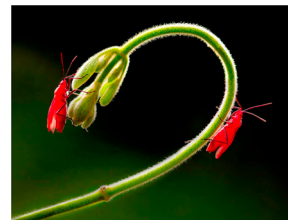

creatures in these areas. His travels have taken him to all seven continents and his photos appear in text books, scientific guides, maga-

zines, scientific publications, calendars, web sites, newspapers, university

publications, museums, training CDs and even decks of playing cards.

Tom will be showing the accepted entries in the North Central Insect Photo Salon. This is the 52th year for the salon, which receives entries from all over the world. He will also be doing a short presentation on macro photography equipment for all of

you
"emerging" insect shooters or "budding" flower photographers.

First Thursday (Always bring your camera)

March's First Thursday meeting was all about software, but not ALL software. We talked about and sampled some of the more popular programs; Lightroom, Photoshop CS5, NX, ACDSee, as well as a number of others that were not as well known among those of us in attendance, but appeared to offer some great alternatives. So in April, we're going to expand on the What and take a look at the How. We'll take a look at workflow using the various software and several folks will share their approaches. We will need pictures for this exercise, so please bring some on thumbs.

May brings Tom Myers in for a Macro Workshop. We will schedule a couple group outings to shoot macro in May and June to get us ready for the June competition.

Special Thanks...

- to Randy Dinkins for critiquing February's competition
- to Jeff Lacky for his diligent work to get the Scantron working sufficiently to scan and record our competition results.

Dues... If you haven't paid your dues yet, please remit them to Don Mills as soon as possible (\$22 individual, \$28 family).

By Law Changes

A change to the By Laws were made recently pertaining to competition. The maximum number of entries per month shall be two, either black and white, color, or one of both.

Competition entry change:

Please note that the address for submitting entries to the meeting competitions has changed. The new address is:

ccclexcontest@gmail.com

Board Meeting-February 28

Among things discussed was a change in the description of categories for competition.

- Natural Pictorial—No evidence of man made activity or objects shall be permitted.
- Hand of Man Pictorial—
Man made objects must be the focal point. Natural objects may be included as minor elements.

These changes will be discussed at a future monthly meeting.

Congratulations (Belated!)

Pictures hung at the annual print show are for sale (generally), and in the 2011 Club Show, club members Bob Johnson and John Robinson sold a print each.
