Our competition will be critiqued by Don Mills. There will be two member slide shows – Allen Dawson and Judy Cox. If you are interested in providing a short (five to seven minute) slide show of your work at a future meeting, put your name on the sign-up sheet on the member's table at the meeting.

#### What's coming up?

May – Bill Fortney, Nikon Technical Rep and liaison for the nature market will be on hand to talk to us about **Learning to see Photographically**.

July – Tom Fielder, Architect, iPhone photographer and world traveler, will be back to share his particular eye on the world.

## First Thursday

Our April meeting gave us a chance to practice shooting with some table top set ups. In May we will take some time to review the images we shot in April. We invite you to bring your best shots on a thumb drive for a look. Please use the Club competition submission guidelines for preparing your images for viewing. You will find instructional information on the club website.

In May we are also going to arrange some macro table top opportunities using predominately plants. This will get us ready for shooting next month at the Arboretum. Bring your cameras and tripods to make the best use of this opportunity.

As I said, in June we plan a trip to the Arboretum for a location shoot. Be sure to bring your cameras and tripods. If you prefer, you can meet us there.

We do plan to have a meeting on July 3. We plan to offer an instructional session on shooting fireworks.

## Club Members – take note

Missing your Newsletter? Can't find your nametag? Have you paid your dues?
