Competition Topics

Windows and Doors:  April
A window is an opening in the wall of a building, the side of a vehicle, etc., for which the original purpose was the admission of air, light or both, and which commonly but not always fitted with a frame in which are set movable sashes containing panes of glass. A door is by original purpose a movable and usually solid barrier for opening and closing an entranceway, cupboard, cabinet, or the like, commonly turning on hinges or sliding in grooves. Doors may be designed primarily for access, security or both.

Historic Places:  June
An historic place is an area, location, building, ruin, marker or the like which is acknowledged as being of significant cultural or social heritage and/or being of uncommon age. It may include the totality, part, remnant or remains of the historic place. Acknowledgement of a place as historic may come from an objective organization dedicated to said recognitions, the placement of a historical marker by an organization, or simply by evidence of uncommon preservation and age. Locally historic places are included if common knowledge justifies it.

Macro/Close-Up Photography:  August
Close up photography is the act of photographing objects such as flowers or insects at close range so the subject you are photographing fills the frame. Macro photography is extreme close-up photography, usually of very small subjects, parts of larger objects and living organisms like insects, in which the size of the subject in the photograph is greater than life size (e.g. the reproduction ratio is greater than 1:1).

Barns: October
A barn is a structure built for the original primary purpose of agricultural storage. Barns may be constructed originally to house agricultural materials and supplies, harvested produce, livestock or the like. While residential space may be included in barns this is not the primary purpose since barns usually but not always do not include environmental control and are rarely built to be weathertight.

Congratulations to Our Levels Award Winners!

Monday Photographers Nights

April 16, 23, 30, May 7, 14, 21
5:30-7:30
$12.00 per person
Photographers and tripods welcome! Come take up-close and personal photographs of our butterflies.

Boone Creek Photo Boot Camp
April 21-23

Join Photo ShareShops for the Boone Creek Photo Boot Camp Spring 2018! It kicks off April 21st at Boone Creek Outdoors, home of the Canopy Zip-line Tour and of Boone Creek, one of the most scenic creeks flowing into the Kentucky River. This photography workshop is designed for beginner to intermediate photographers and spans all day Saturday and Sunday afternoon. You will learn the fundamentals of camera use, care, operation, basic composition and seeing the light. A brief talk about Photo ShareShops’ “Images with Intent” starts the lessons off laying the groundwork for the program to follow.

Lexington Philharmonic

Moving Water Workshop
Boone Creek May 5

Join Photo ShareShops for the Boone Creek Moving Water Workshop! It kicks off May 5th at Boone Creek Outdoors, Home of the Canopy Zip-line Tour and of Boone Creek, one of the most scenic creeks flowing into the Kentucky River.

This photography workshop is designed for all levels of photographer and spans from Saturday morning to mid-afternoon. You will learn the fundamentals of slow shutter speed, polarizing filters, neutral density filters, basic composition and working with variable light. Keep in mind the wildflowers will be up so prepare to get down!

**Out and About**

**Lightroom On Tour, with Scott Kelby - Covington, KY**

Mon, April 30, 2018  
10:00 AM – 5:00 PM  
Northern Kentucky Convention Center  
One West Rivercenter Blvd.  
Covington, KY 41011

Spend a day with Scott Kelby and take your Lightroom skills to the next level. The entire day is designed to give you the maximum bang for your buck by focusing on the stuff today’s photographers really need to know in Lightroom (and by skipping the fluff you can leave behind). It’s a modern workflow, and way of learning, that will unlock a whole new way of working in Lightroom that you are going to absolutely love!

**R. C. May Lecture**

**Karen Irvine**

As Chief Curator and Deputy Director of the Museum of Contemporary Photography at Columbia College Chicago, Karen Irvine helps to lead one of the most vibrant centers for photography in the Midwest. She will speak on her approach to uncovering and supporting the work of emerging and mid-career photographers through a rigorous program of exhibitions, publications, special projects, and acquisitions. Singletary Recital Hall 4: PM  
Free.

**Lower Howards Creek**

**May 19**

Join us for a hike in areas not open to the general public on Lower Howard’s Creek Nature Preserve. Maybe you’ve been on the John Holder Trail, but that was just the beginning. Photo ShareShops, along with a member of the Lower Howards Creek board of directors, takes you to some of the amazing places on this preserve.

We will meet at the main entrance to the preserve, a gated drive on the left of Athens Boonesboro road just before you begin the descent to Halls on the River and the John Holder Trail. It is not well marked but there is a sign.

We will meet Saturday morning at 9:00. The hike, which is moderately strenuous, will take us down to where some renovation efforts are, and to areas of the creek that are generally off limits. We will take our time at several of the more scenic places, allowing us time to make the images we seek. This is much more leisurely than any of the guided hikes they sporadically offer, and will go to more places than those events.

For more information visit [www.photoshareshops.com](http://www.photoshareshops.com)

Contact parham@photoshareshops.com

**Elkhorn Creek with Canoe KY**

**June 9**

After browsing their shop, signing the Canoe Kentucky liability release and registering, we will meet on the deck in back of the store overlooking the creek for Canoe Kentucky’s guides giving a briefing and safety talk. The excellent guides will demonstrate the proper way to use a dry bag to minimize the chance of getting camera gear wet in the unfortunate event of a “flip” (just don’t do that, please?) After that a “mini-lesson” by our facilitators on how to shoot the wildlife on the creek is presented. We cover high speed shooting, panning, and a few tips for keeping your gear dry. You are required to have a coast guard approved life vest on while on the water.

For more information visit [www.photoshareshops.com](http://www.photoshareshops.com)

Contact parham@photoshareshops.com
Tom Fielder-Judge for Windows and Doors Competition.

Tom’s two loves have always been architecture and photography. He’s practiced both over the past 40 years with architectural projects in 10 states and photography from all 7 continents.

His interest in photography began as a young teenager with an early model Polaroid. Later, while still in high school, he learned the basics of 35mm photography with his dad’s Argus Cintar 55mm rangefinder camera (Circa 1950). Working with the basic rangefinder and hand-held light meter gave him an appreciation for the technical aspects of photography. While studying architecture in college, he acquired a 35mm Nikon Nikkormat SLR and began a lifetime of landscape and architectural photography experimenting with a variety of cameras from pinhole boxes, medium format Hasselblad cameras, and large format 4x5 view cameras. Currently, Tom works with a Nikon DSLR, several Fuji mirrorless cameras and the new Fuji GFX median format camera. Nevertheless, his favorite remains the iPhone.

Each artist sees the world uniquely. Tom’s imagery often focuses on strong linear lines and forms in natural and industrial environments. With each type of camera that he may use his goal is to capture the light to convey his feeling in the moment.

Out and About

First Thursday

April 5:
Topics to be covered include Exposure, EV values, exposure compensation, and understanding/using your histogram. Bring your camera!

May 3:
This month you’ll have the opportunity to use your camera for some close up photography. We’ll discuss and demonstrate focus stacking and lens focus micro adjustment.

June 7:
We’ll head over to the Arboretum and practice our close up techniques on some flowers! Remember this is the August competition topic. We’ll meet at the Visitors Center at 6 p.m. so we have more time to get shots before sunset. If the weather doesn’t cooperate we’ll have a session on “How to Improve your Composition” at the Church.

July 5:
Arboretum photoshoot (bring your camera gear) if the weather did not cooperate in June. Otherwise we’ll discuss “How to Improve Composition.” To facilitate some more interaction please submit an image (original image plus one you improved with cropping) and send both files to first.thursday.ccc@gmail.com by June 3 with 2000 pixels on the long edge for the uncropped version so there’s some latitude for different cropped versions that we can discuss.
CCC Exhibit at St. Joe East
We've been invited to exhibit once more at St. Joseph East Hospital. John Snell will only be collecting the prints at the First Thursday meeting on May 3rdth. **You must contact John beforehand** *(john@johnsnellphoto.com or 859.229.6033)* to sign up for the exhibit. The work will be on display from May 10th until the first week of July. There is room for 10 prints to be exhibited. The theme for this exhibit is "Spring/Summer." Please choose images that will be suitable for a healing environment...uplifting, colorful, etc. The prints cannot be wider than 24" (including frame), but they may be taller than 24". This is due to the limited linear wall space we're provided. Prints may be framed in metal or wood, or may be on canvas or metal. Limit one print per person.

John Snell Exhibit in Louisville Gallery
"Landscapes and Horses: My Kentucky Home" is the title of a 28-piece photography exhibit featuring CCC member John Snell's work. Mostly printed on canvas and sized from 24"x36" to 28"x60", the work will be displayed in Craft(s) Gallery & Mercantile, 572 South Fourth Street, Louisville, Kentucky from April 6th through May 26th. An opening reception will take place at the gallery on Friday, April 6th from 6-9pm.

Blue Ridge Parkway Trip, July 26-29

Our 2018 Blue Ridge Parkway trip is scheduled for July 26th-29th. A block of 20 rooms has been reserved at Maggie Valley Creekside Lodge at a special camera club rate of $20/night off the regular prices. Unsold rooms will be released by June 26th. A room with two queen beds will be $89/night after the club discount is applied. You're encouraged to go ahead and reserve a room by calling 1-800-621-1260. Most likely no one will take your call at that time, so just leave a message. The hotel host will call you back to confirm the reservation, often within the hour. Be sure to tell them you're with the John Snell Camera Club, in order to receive the discounted rate. Other room configurations are available (King Bed with Jacuzzi, etc.) as well, and all will receive the $20/night off the regular rates. All rooms have a refrigerator, microwave and wi-fi.

There will be a sign-up sheet at meetings between now and the dates of the trip. Signing up does not commit you to go, but does ensure you'll receive any mailings with photo locations, where we're meeting for any group meals, etc. Questions? Contact John Snell at 859-229-6033 or john@johnsnellphoto.com.
