Mountains and Valleys and Deserts—Oh My!
"24 Stunning Places in 19 weeks,"

In a lifetime of trips, this was a trip of a lifetime! After partial retirement from a job that had involved a lot of travel, Ray and Billie Daugherty left Kentucky in a 40 foot motorhome and only reluctantly returned on August 14, 2019. The journey took them through the plains states to mountains and deserts of 7 western states and portions of Canada, experiencing more than 24 stunning National and State Parks and BLM Lands. Ray will share favorite images, information on locations, and stories from this journey—along with a surprise ending that cut short what had been planned to be a 6-month journey, but along the way it morphed into Part One of a much larger adventure.

Daugherty worked his way through college as a photographer with Ed Boden studio in Georgetown, followed by a 47 year career in curriculum development in the addictions field. In his position at Prevention Research Institute, Ray traveled to all 50 states and 24 countries—almost always with his camera in hand. After semi-retiring in 2017, Ray returned to his first career love—photography and spent the next two years selling images at art fairs. His photography is also available in three galleries in Kentucky and Ohio. In this presentation Ray will share images from 24 stunning places in the western USA and Canada, along with some lessons learned and tips for shooting in the mountains and high desert of the west.
