Thirteen Things Photographers Are Doing Wrong

I’m Ron Gaskins, and I am a professional photographer. I’m located just north of Charleston, West Virginia. With over 30 years of photography experience, and more than ten years working for my clients, I specialize in commercial work for businesses and organizations. I have created photographs used in advertising, feature magazine articles, websites, charity donor reports, and more. My personal favorites are the ones that share the natural beauty of West Virginia.

I have taught some general and specific photography classes, and led workshops through my second business, Mountaineer Photo Excursions, and with my friend and fellow photographer, Amanda Haddox. Together, we have taught over 30 photography workshops across 10 states in the eastern United States. Through Mountaineer Photo Excursions, and working with my colleague Amanda Haddox, I teach photography workshops and classes. Our workshops are offered in West Virginia and across the eastern United States. We offer classes through West Virginia University at Parkersburg and West Virginia State University, as well as other organizations. See our “Workshop” gallery for more information.
Print Show - 2021

Because the site of our Annual Print Show, The Living Arts & Science Center (LASC), is playing “catch up” on exhibits, they will not be able to accommodate our annual show in its entirety. They can only provide wall space for maybe 70 prints. Our print show typically has at least 170 prints.

We are having our annual show, but have the first part of it will be in digital form. We’ll still have the same categories as usual, and we’ll have three judges. Club members who are eligible to participate in the show to must submit their digital entries by midnight, October 2nd. Winners would be announced no later than October 21st.

We will invite those winners to have their entries printed, matted and framed for a “winners’ exhibit” that would be installed at the LASC on November 13th and remain on display at the LASC through the end of December. Winning categories that will be accommodated would be 1st, 2nd and 3rd and Club’s Choice in each category, as well as overall Best Color, Best Black & White and Best of Show. There will not be enough wall space for Honorable Mention winners. The exhibit would be up during the November Gallery Hop, which will give us a good amount of public exposure. A digital exhibit of all entries, will be online.

Because these plans represent a significant departure from the way we normally do the show. The show judges will need to more closely scrutinize entries for sharpness than what is needed during our monthly competitions, and because the winning entries must be of sufficient quality for printing, all submitted entries will need to be at greater resolution than 1920 pixels wide. That number will be provided later. We also have not determined how best to present the judges’ critiques, which are a highlight of the show.

The manner in which the Club’s Choice voting will be conducted has to be worked out. We want to ensure that only those who are dues-paying members can vote, while at the same time guaranteeing the anonymity of those voting. The logistics of conducting the Club’s Choice voting may mean that we won’t be able to resolve any ties that occur, so we may have to have co-winners in those situations.

The CCC Board of Director will continue to refine the details of the print show, and we’ll do our best to keep everyone informed in a timely manner. Feel free to direct any comments or suggestions to us at info@creativecameraclub.org.

Take Better Insect Photos: Tips From the Experts
April 15, 2021
2:00 PM EST - 3:30 PM EST

https://www.entsoc.org/take-better-insect-photos-tips-experts

Looking to up your insect photography game? Join this 90 minute webinar with advice and tips for mastering the art of insect macrophotography. Insect photography experts will share their know-how on equipment, technique, and composition to help you get better insect shots.
First Thursday

May 6
Parham Baker will present a Focus Stacking workshop.

June 3
We'll have an opportunity to try out focus stacking at our Arboretum Photoshoot (weather permitting). Check Facebook Group for cancellation due to weather.

Competitions 2021

April 15
Graffiti
Images where the subject is unauthorized, non-commissioned artwork commonly referred to as graffiti and viewable from a public setting. Please note that murals are specifically excluded from this topic. It is NOT enough to simply have graffiti in the image—the graffiti must be the subject of the image.

June 17
Madison County
Images taken in or focusing on Madison County, KY.

August 19
Black and White

September 16
Arthropods (Bugs)
Arthropods (Bugs) - Arthropods are 80% of all animal species and include all insects (butterflies, moths, caterpillars, beetles, dragonflies, bees, grasshoppers, praying mantis, cicadas, ants, flies, etc.) as well as other groups including spiders, scorpions, centipedes, crabs and more.

Blue Ridge Parkway Trip
June 10th-13th

Our 2021 Blue Ridge Parkway trip is scheduled for June 10th-13th. The time of this year’s trip has been moved up from its usual end-of-July time frame in order to take advantage of the rhododendron and flame azaleas that will typically be blooming along the parkway at that time of year. Other seasonal wildflowers we don’t typically see on our trips will be blooming at that time. We’re also adding more recommended shooting locations to the list, in order to provide some variety from the trips we’ve done previously. Feel free to go ahead and reserve a room by calling 1-800-621-1260.

If you are going, please send John an email john@johnsnellphoto.com. Include your name, phone number, number in your party, and if you are arriving Thursday or Friday.

Exhibit Opportunity

Art in the Cathedral
Art in the Cathedral will be at Christ’s Church. Drop off up to 2 prints June 28 for July 4th exhibit and Gallery Hop. There are no size restrictions. Pick up will be August 29. email John Snell at john@johnsnellphoto.com and let him know.

St. Joe East
If you wish to submit a print for the July-August St. Joe East exhibit, please email John Snell at john@johnsnellphoto.com and let him know. Limit one print per person.

Photo Opportunity
SPECIAL OLYMPICS
June 5

The Kentucky Special Olympics summer games will be held on Saturday, June 5 this year. The Creative Camera Club has a long history of providing photography services for this event. This year, however, will see significant changes due to the pandemic. The SOKY office would like to keep the number of photographers to no more than ten, and we will be shooting event competition only. There will be notable restrictions at each venue and the usual precautions will be strictly monitored.

The SOKY summer games are held at Eastern Kentucky University in Richmond. If you would like to participate in this year’s summer games please contact Ward Ransdell (ward_ransdell@yahoo.com).
The Creative Camera Club (CCC) can trace its roots back to the Lexington Camera Club of 1930s. We welcome anyone interested in the art and science of photography from amateur to professional.
