Contest Topics 2023

Here are the winning categories for next year, listed in order they occur, along with the explanations of the topic and requirements for acceptance.

High/Low Key: A high-key image is one that is almost entirely very bright with very little or no dark shadows present. Meeting News

Thursday, August 21 @ 7pm
Crestwood Christian Church

We have a lot going on this month including our competition for Street Photography. Our own Bill Cole will critique given his long-awaited project, “Night Crawlers,” that focuses on this exact topic.

We hope to have a demo from the Aerial Drone SIG; photos from First Thursday’s Arboretum Outing, and a Photoshop Lesson presented by Jeff Lackey on Selections, Channels, and Masks

Competition

Street Photography is a genre of photography that records everyday life in a public place. The very publicness of the setting enables the photographer to take candid pictures of strangers, often without their knowledge. Street photographers do not necessarily have a social purpose in mind, but they prefer to isolate and capture moments which might otherwise go unnoticed.
