Annual Club picnic in Jacobson park. Water, lemonade, fried chicken, paper prods, flatware all provided by the Club. Bring a chair and a dish to share. **Indicate your attendance and what you might bring on the sign-up sheet at the Aug Meetings.**

A few CCC members went to Cave Run Friday night to try to catch part of the Perseid meteor shower. We didn't see a "shower" but we did catch a few. This one wasn't where it was "supposed to be" for the Perseids, but it will do nicely.

The Astrophotography Special Interest Group (SIG) is scheduled to meet the 3rd Thursday of the month - but we usually meet based on when the weather cooperates to let us photograph interesting things in the sky. So outings are not planned more than a day or so in advance. We have recently added Light Painting to our group activities and hope to expand both soon. Watch the Facebook page for announcements of outings.
